ADMINISTRATION

Dr. Nolan Estes
Superintendent of Schools

Dr. Estes with members of his Executive Team.

Members of the Dallas Independent School District Board of Education. Seated left to right: Trinidad Garza, G. R. Hollingsworth, John Plath Green, Dr. Emmett J. Conrad (Vice President), Dr. Marvin H. Berkeley (President), Dr. Sam R. Farris, Dr. Daniel W. Foster, and Joe W. Kirven.

Mr. Robert S. Andrews

Principal

Franklin D. Roosevelt High School

FROM THE DESK OF THE PRINCIPAL:

In spite of the fact that these are troubled times in which we live, there is still much happiness and many memorable moments that can only be captured and relived on film. This in essence is the ultimate aim of The Mustang Yearbook.

As we reflect on years past, we do not cherish the thought of moving from a cold war to a hot war. We are not proud of the national strife and numerous physical clashes between and among races. We are not elated over the progress made to alleviate hunger and poverty, neither are we complacent concerning the gains accomplished in area of human relations, yet, we are encouraged to continue to strive and work towards academic achievement in the field of education because we can see visible signs of progress.

This 1971 Yearbook attempts to point out many cherished events and happenings that took place at Franklin D. Roosevelt High School. Events that we are justly proud and will always want to remember. It depicts the accomplishments of our students academically, socially and in the field of sports. As in years past, this 1971 edition of the Mustang will enable each of us to recall vividly many enjoyable experiences of yesteryears.

Many hours of tireless work preceded the publication of this annual, and we are indeed grateful to the many people who made the sacrifice of time and effort.

HATS OFF, TO THE MUSTANG EDITOR, STAFF AND SPONSOR.

Mr. Jim H. McFarland

Assistant Principal
Franklin D. Roosevelt High School

Commitment and perseverance are two of the greatest virtues man may obtain. To set one's self to a task and to continue in pursuit until the goal has been reached is worthy of recognition and reward. Those of you who are graduating typify these virtues and now stand to be rewarded. May you continue to set high goals for yourselves and may you continue to follow through to greater accomplishments.

My warmest congratulations on your achievement. I am happy to be able to share in these exciting moments with you.

I also extend congratulations to the Annual sponsor and staff for a job-well-done. Your devotion to your task has given all of us a beautiful remembrance of the school year 1970-71 at Franklin D. Roosevelt High School.

The Choral Reading Society

Sponsor, Mrs. L. Gilburn

The Choral Reading Society functions as a sophisticated group for students interested in the experience of large group activities. They have participated in all of the activities of the school by special request. Pictured above are the select few who are active members of this society.

Charles Dickens' *A Christmas Carol*, was the kick-off for a spectacular year for the Drama Club. Miss Bass, (pictured extreme left) directed the play with the talent of a pro.

This has been the first year that the Drama Club has functioned actively and with a beginning such as this—the best seems yet to come.

Achievement Motivation—A part of the Guaranteed Student Performance Program which the Dallas Independent School District is undertaking during the year of 1970-71. Emphasis is placed on developing each student's awareness of his effect on all others and others' effects on him in a variety of real-life-situations. His behaviour in coping with life's problems and the development of attitudes which allow him to live more effectively are stressed. The intent is not to hand each student a set of ready made responses, but to help him recognize and solve problems as they arise.

The New Century reading and mathematics curricula are comprehensive—providing diagnostic, prescriptive, individual progress instruction for students from the first to the twelfth grade levels. Under the New Century Instructional Management System, a student of any age (beyond seven) and at any level of skill proficiency can be placed into their curricula and will make maximal gains in any instructional period.

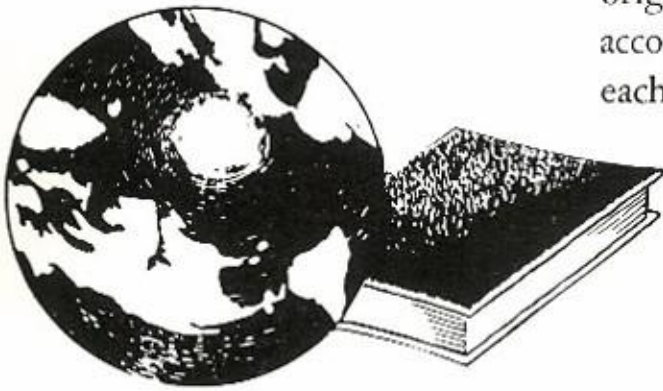

Teachers Of These Groups Are:
Mrs. H. Godge And Mr. J. J. Higgs

Students Of World History

Mrs. A. Love, Teacher

Mrs. Love's World History classes have been totally involved in the study of original cultures in our world. This study consists of brilliant scholars and their accomplishments, along with Greek and Egyptian people. World History offers each student an opportunity to become well informed on our ancient world.

The F. D. Roosevelt football team is looked upon as one of the most dedicated groups in extra-curricular activities. After strenuous hours of work, they face the challenging task of performing against worthy opponents on the football field. These robust but humble young men are striving daily to become the strong backbone of America's future.

I said, "throw me a towel, not the ball stupid!!!"

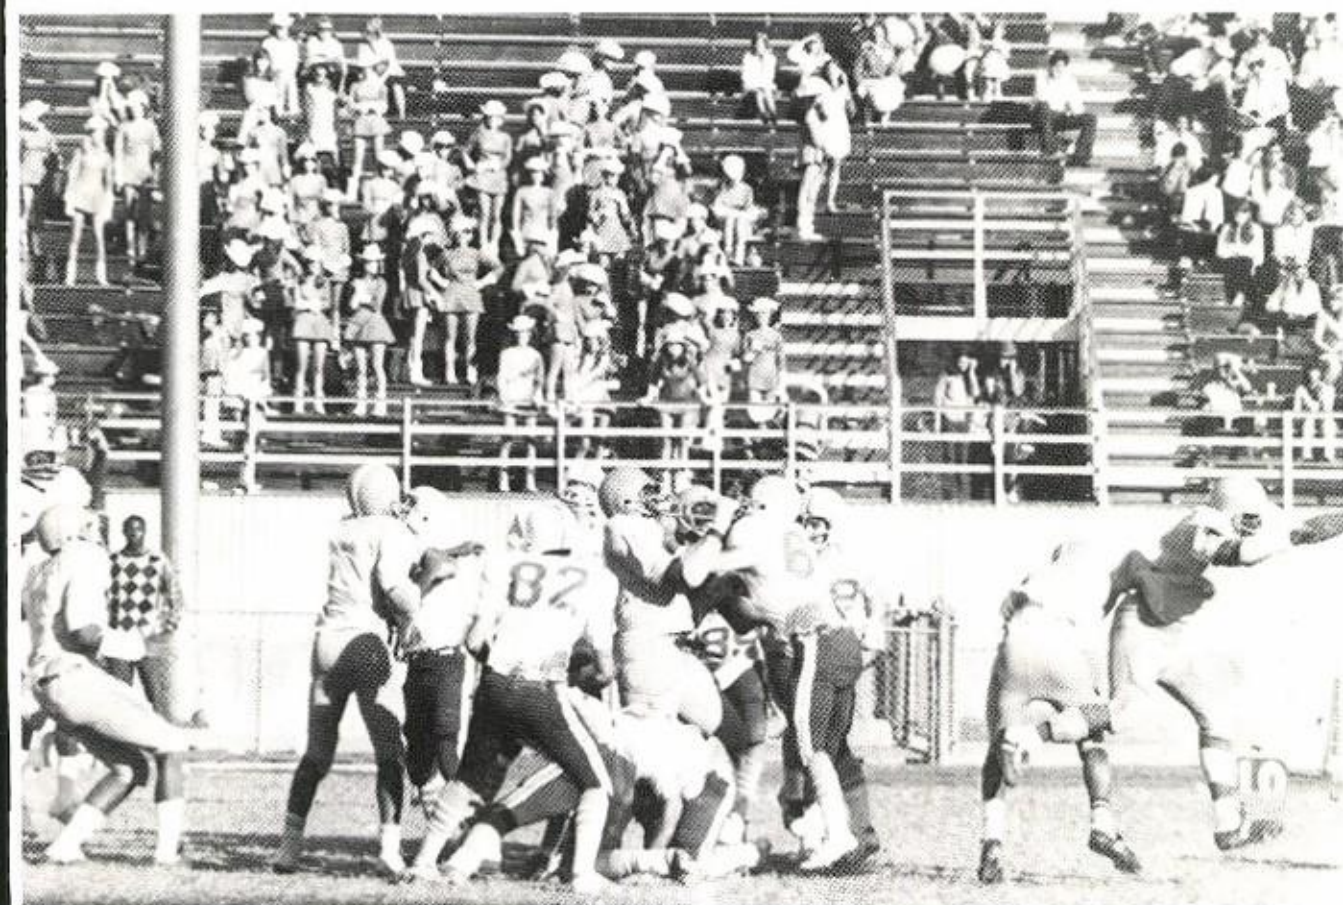

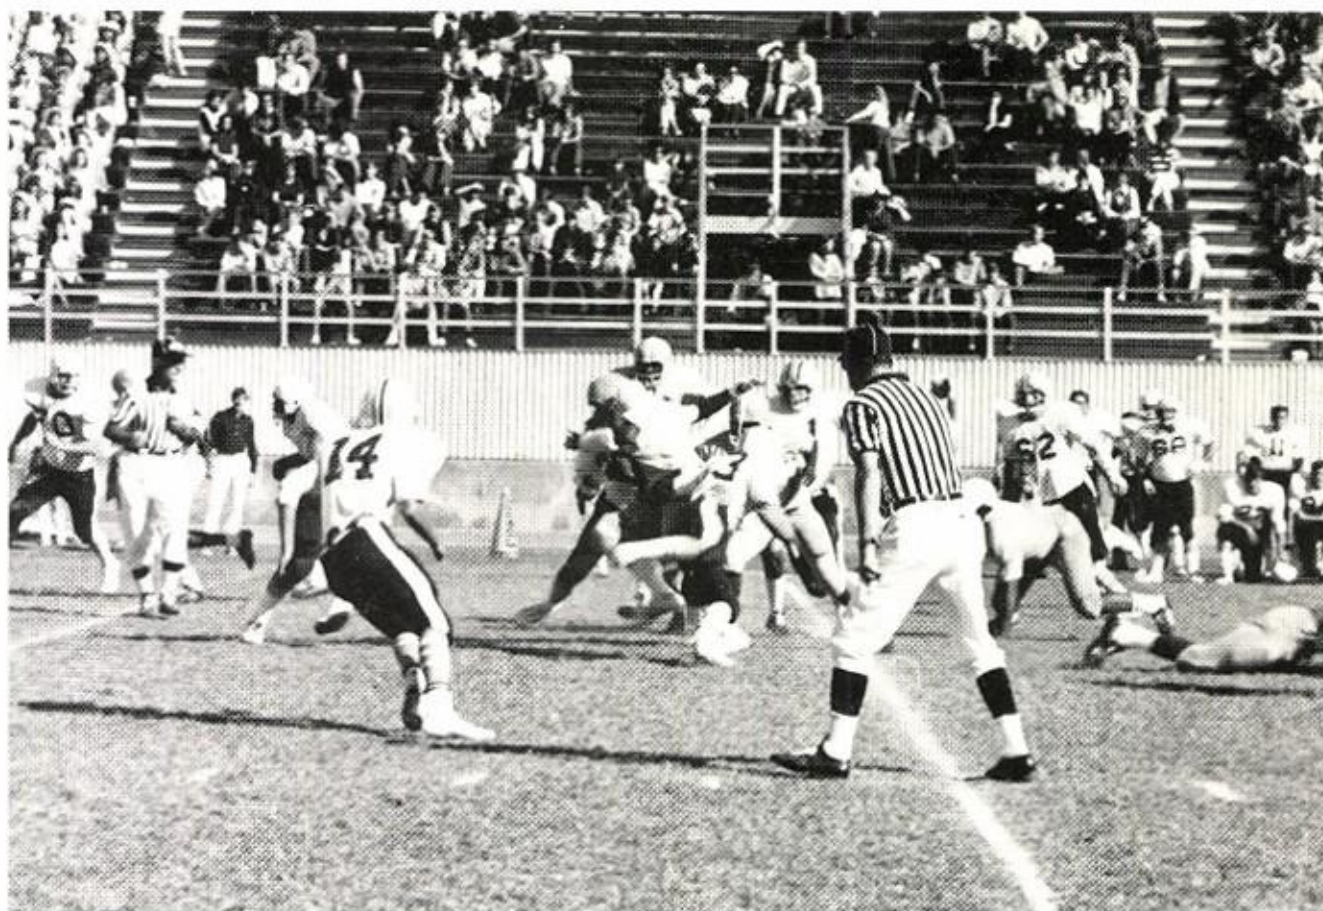

I wonder did that official hear that???

Take that, and that, and th . . .

Is this the way you do the football??

Ah ha! We've got you!

No, they can't do an instant replay!!

Dear Theron,
You're one of
the sweetest guys I
know, and I want you
to stay that way, or improve
yourself, and always remember
your friend Marilyn Hail Watkins.

Dear Theron,
 Good luck
 in the future I'll
 always remember you
 and the fun we've shared
 in the band.
